

MANAR PARK

Date: / /

Client number:

I have received and read the Manar Park track map information sheet.

I understand the rules, laws and tips set out within.

It is my intention to ride/drive responsibly whilst at Manar Park.

If confused about the one-way direction of a loop I will ride/drive slowly and cautiously until I see a marker indicating direction of travel.

I will slow at track crossings and give way as necessary for the safety of myself and other riders/drivers at Manar Park.

I will discuss the map and associated rules with the other people in my group, especially children and youths.
